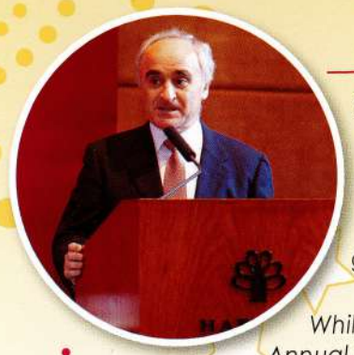
MESSAGE FROM THE SUPERVISOR



St. Dominic's love of God and compassion for a suffering world compelled him to change the course of his life and to found the Dominican Order in 1216. Nearly 800 years later, the Fathers and teachers at Rosaryhill School try to live and work in the same spirit that guided our founder.

While the reference I use to introduce our 2009-2010 School Annual is ancient, it remains totally valid and useful for us in the 21st century. The two main pillars that sustained St. Dominic's life are also the foundations of our presence as educators in Hong Kong. "Love of God" impels us to communicate the values expressed in the Gospel, the sense of faith, love and compassion, gratitude, truthfulness, fidelity and respect that Jesus brings to us through his teachings. "Compassion for a suffering world" drives us to build a better world through education; it compels us to educate the person who is going to be the instrument for building a better world for all.

We will continue with St. Dominic's mission. This is why our school, with its traditional Kindergarten, Primary, Secondary and Business Studies Sections, is so important. In our work in Hong Kong, there is no better platform than Rosaryhill School to reach students and their families.

An important presence in our school building has been the growing group of young men from Australia and different countries of Asia who are preparing to become Dominican Priests. Part of the 6th floor, which until one year ago was used for the school, is utilized now as the "novitiate", or the quarters for this group of future priests. Some of these young men will become the future "Fathers" to work in our school.

I must highlight one of the noteworthy celebrations of the past year□Fr. Lionel Xavier's 80th birthday. Fr. Lionel has contributed to the growth and development of our school for nearly all of its 52 years. The tribute former students and staff paid to him on 17th July 2010 reflects both the important role he has played in the life of our school, and the genuine feelings of friendship he has inspired in so many of us. This year's School Annual is a tribute of gratitude to Fr. Lionel.

My thanks to the staff and students who have created this School Annual. In particular, I thank the Editorial Team for doing such a splendid job of showcasing the main events of 2009-2010.

May God continue to bestow his blessings on all of us, making our work more meaningful and fruitful.

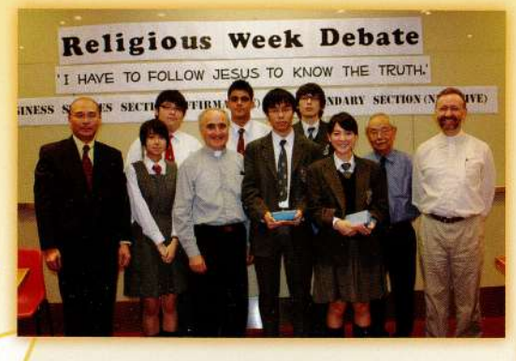
RELIGIOUS ACTIVITIES

Another year has passed by, and with it, thousands of hours of dedication, teaching, study... In our Department of Religion we have the mission to upgrade the noble task of education to its highest level: the level of the Spirit. It is our deepest belief that we can only find wholeness and totality in education if we address the spiritual side of every student. In order to pursue our goal, we have had an inspiring objective for the whole school: ***love and care.*** This has been the motto for this year, and has been put into practice by teachers and students in different ways. Of course everybody knows that love and care are good, but we have been especially conscious and aware of this need.

The Department of Religion has arranged different activities trying to reach all the students of our school. We have had religious ceremonies for every group of students, the annual retreat and life education for the Catholic students, special activities during Lent Season, just to name a few. But the most important activity of the year is the Religious Week. This year we had the slogan: "Come follow me! Be my disciple." This invitation from the Lord Jesus Christ has been proclaimed to all students of Rosaryhill School. Everybody has had the chance to hear the warm words of our Saviour. The instrument through which this voice has been heard has been our Dominican Novices. We have been lucky and blessed to hear their testimonies, the story of their vocation and why they have come from different countries to Hong Kong. I believe that all students have enjoyed their sharing and the seed thrown not be wasted.

I want to thank both teachers and students for their joint effort, their dedication and willingness to make our school a better place, a place where students can grow, learn and enjoy.

Fr. Vincent Sanchez
Director of the Department of Religion



CARITAS BAZAAR

The Caritas Bazaar (Island) took place on 8th November, 2009, in Victoria Park, Causeway Bay. This charity event is well-known and has been held annually for over fifty years. Fund raised would be used to support the community projects undertaken by Caritas – Hong Kong.

In this year, two game stalls were organized, together with auctions. With the endeavour of the teacher, staff and student helpers, over 40 big boxes of goods were collected and almost all of them were sold before the end of the day. We were glad to see so many of our students and parents coming to play.

Last but not least, we would like to thank the fathers for coming to show their support to the function, especially Father Supervisor, who came very early in the morning and stayed late in the afternoon. We would also like to thank all the helpers for their time and effort to make the event a success.

EAST ASIA OLYMPIC TORCH RALLY

At the invitation of The 2009 East Asian Games (Hong Kong) Limited, our school took part in the School Torch Relay Programme. This whole school event was held on 16 Oct 2009.

After the Flame was brought to our school, the flame attendants collected it from the tinder box to light the torch. Fr. Francisco lit the cauldron with the torch and then passed the torch to the East Asian Games Ambassador, who started the Torch Relay.

A total of 14 torch bearers took part in the Torch Relay along the route to promote the EAG spirit. Students from different sections cheered on the torch bearers along the relay route. The last torchbearer, Li Hiu Yan, the Sports Girls of the year 08-09 carried the torch to the back-yard garden and lit the cauldron. This was immediately followed by a closing ceremony.

ROSARYHILL SPORTS TOURNMENT

The Sports Association organized the 9th Sports Tournament on 7th, 8th and 9th of April 2010 at Western Park Sports Centre and the Wong Chuk Hang Recreation Ground. Most of our sports team members had very special experiences during the Easter Holidays. Our sports team members had a beautiful time competing with teams from other schools. Besides our school, there were 22 other schools from Hong Kong Island, Kowloon and the New Territories participating in 7 different events.

There was rain on the first day of the tournament. The football matches on day one were subsequently postponed. The schools which participated in football were kind enough to accept the rescheduling of the competition.

The events ran smoothly over the three days and all the arrangements were well-received by all participating schools.

Miss Yu Chui Yee, paralympic athlete(Wheel-chair Fencing) was invited to officiate the closing ceremony. Before she presented prizes to the winners, Miss Yu delivered an enlightening speech about her path to becoming an elite athlete. Our school was crowned champion in the boys table-tennis and 1st-runner up in girls volleyball.

BLOOD DONATION DAY

Our Blood Donation Days were successfully held on 11/9/2009 and 19/3/2010. Altogether 136 units of blood was collected from our students, parents and staff. Most of the student participants were first time donors. They showed their selfless contribution and helped people who need blood transfusion. Not only the people in need benefited, students from all sections also learned to care for society through this educational event. From today, let blood donation be a part of your life, and make our lives alive!

FACULTY CHRISTMAS PARTY

This year, our Faculty Christmas Party was held on 21st December 2009 in our school hall beneath the chapel. The festivity began at 3:30 m with the religious significant of Our Saviour's birth that took place some two thousand years ago in old Judea. We listened to the familiar narrative of the Nativity and watched the drama unfolding on the screen, --- a timely reminder today of the real spirit of Christmas.

Next came the presentation of Long Service Awards which was quickly followed by a series of highly entertaining programs contributed by various Section of Rosaryhill School: the group singing of " A Little Town of Bethlehem" to lend the right touch of yuletide spirit , the guessing games to exercise our little "gray cells", the Bingo games gilled with great expectations, and others. Everyone enjoyed a wonderful atmosphere of warm camaraderie and there was much laughter and jocularity all around. All this took place with light refreshments of snack and beverages in between.

Much as we would have loved to have continued our festivity, the designated time came for us to bring the party to a close and, so, with last minute calls "Merry Christmas and a Happy New Year" ringing in our ears, we left the school to begin our long anticipated holiday of the Season.

LONG SERVICE AWARD

As we all know, the Long Service Award is the most honourable award for those staff in Rosaryhill, who have completed 10, 20 or 30 years continuously with valuable effort that has led the school to a success.

Here are the awardees who have achieved this milestone. Congratulations to all.

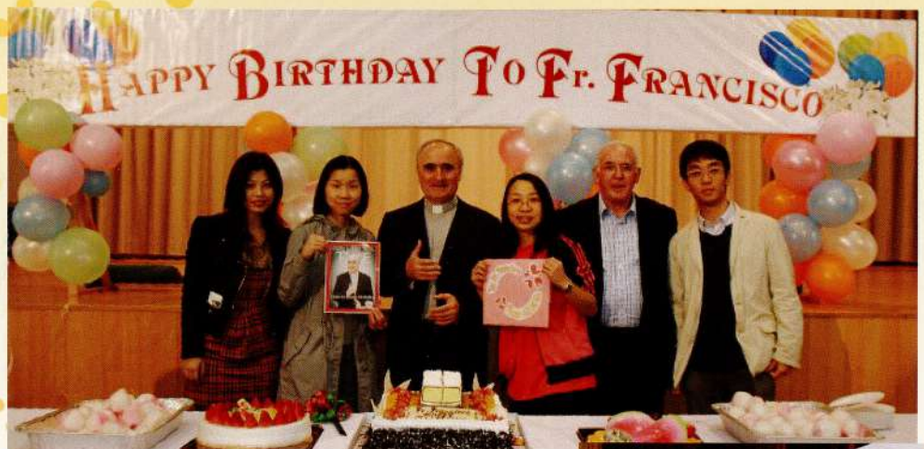
FATHER SUPERVISOR'S BIRTHDAY



Every year we celebrate the birthday of our dear supervisor, Father Francisco, on the month of April with something new. This year's party had been filled with an extravagance of laughter as well as surprises. First, we had a meaningful morning on faith sharing about love and care with the four sections.

Our party then started off with a thoughtful birthday poem greeting from Principal Tsung on behalf of us all. We were delighted to see Father so touched by the expressions from our hearts.

The climax of the party came when our two MCs from the Primary Section introduced Mr Acquino and Ms Mendy Cheng who played the Birthday tune on their ukuleles. No one can withstand the magic of the music and the warm atmosphere but to wish Father Francisco a very happy birthday with angelic voices. It was a special day for all to participate in such a blessed birthday celebration of our Father in Rosaryhill School.

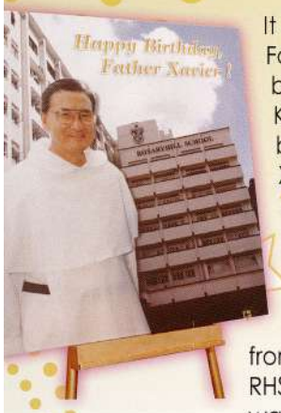
FR LIONEL XAVIER'S 80TH BIRTHDAY DINNER PARTY

Happy Birthday, Fr. Xavier



It is the 80th birthday of one of Rosaryhill School's longest serving father, Father Lionel Xavier O.P. this year. RHSOSA decided to throw Father Xavier a big celebration dinner party on 17th July 2010 at Harbour Grand Hotel, Hong Kong. Forty tables were fully booked three weeks in advance and it easily became the most popular event RHSOSA had ever organized. As Father Xavier was one of the longest serving priests in RHS, these 47 years of his service made him one of the most influential 'Rosarians' thus his role in RHS can never be replaced.

The attending guests of the night ranged from the people he knew when Father Xavier first joined RHS, to retired staff and teachers, to past students from different times and to new teachers who had only joined RHS for a few years. Quite a number of guests even flew all way from overseas back to Hong Kong just to attend the dinner to celebrate the 80th birthday with our beloved Father Xavier. The party was full of touching moments and laughters and all the guests eventually left with a wonderful memory of the evening.

ROSARYHILL GOLDEN JUBILEE SCHOLARSHIP

The Scholarship was born from the Golden Jubilee Gala Dinner. Some past students wanted the Golden Jubilee to be remembered by future generations of Rosarians and at the same time pay tribute to deserving, future students.

Since it was going to be an on-going fund and scholarship, it was decided to make it independent from the school. Past students helped us to set up a charitable fund approved by the Inland Revenue. Three trustees, the Supervisor, a Principal of the School and the Chairperson of the OSA, govern the Fund.

The "financial tsunami" of 2008 endangered our plans of reaching our target of $1.5 million. However, the generosity of many students and various fund-raising activities ensured the Gala Dinner was a success and our target for the Scholarship Fund was subsequently exceeded. We eventually raised more than $2 million. We took the approach that those donating $250,000 or over would be entitled to name the different awards within the scheme. We had four main donors. They are:

1. The William and Nancy Shih Award, who donated $500,000.
2. The Sik Ping Award, who donated $300,000.
3. The Allan Aw Award, who donated $250,000.
4. Mr. Choi Sai Leung Award, who donated $250,000.

MESSAGE FROM THE TEACHERS

Upper A: 謝老師

時光飛逝，轉瞬間你們快將幼稚園畢業，進入小學的生活了，回望過去愉快的日子，一段段難忘的片段湧在腦海中，猶如昨日。

你們是很特別的一屆，因為相處的日子最長，有些三年、有些四年，有些更在親子遊戲班的第一課便由我任教，那時你們只有一歲多。在這幾年中，無論雨或晴，我們朝夕相對，一起生活，一起經歷人生，你們在我眼中都是我的寶貝，在我心中亦不知說了多少遍：我很愛你們呀！

現在離別在即，心中真的萬般不捨，但是能夠陪伴你們走過人生重要的數年，即使將來你們未必記起我，我仍是感恩，因為這些日子你們都帶給我不少歡樂及回憶。

離別是傷感的，但這是人成長的必經階段，在我們一一擁抱道別後，你們又進入人生另一重要的階段。我有一句自己的座右銘：勇於嚴格要求自己。自己沒有做到的，我們沒有權利要求別人做到，我已經做到，也盼望你們能夠做到。

願上主繼續祝福和保守你們，事事順遂，主佑！

Upper B: 馬老師

轉眼間已經三年了，還記得你們初初就讀幼兒班的時候嗎？你們都是三歲的小孩子，還未習慣學校的生活，所以在開學的初期，我經常聽到你們哭著要找媽媽，而且還常常爭玩具呢！直至升上高班後，你們已經懂事了，是幼稚園內的大哥哥大姐姐，你們不止適應了學校的生活，而且還結交了一班好朋友，從中學懂分享、禮讓，有時候還會主動擔任我的好幫手呢！看到你們的轉變，我也感到很高興。無論事無大小，你們總是經常地嚷著：「馬老師、馬老師……」，雖然課室內充滿著吵吵鬧鬧的聲音，但我卻很享受與你們一起的日子。

現在，你們已經畢業了，我衷心地希望你們努力讀書、孝順父母，做一個好孩子。

Upper C: 黃老師

2004年，我完成幼兒教育課程，你們在這年出生。完成課程後，我沒有立即到幼稚園工作，直到2007年，我才正式加入玫瑰崗學校的大家庭，你們正正在這一年入學。

我相信是緣分將我們帶到同一班，彼此認識，一起學習。時光飛逝，三年時間轉眼就已經過去，你們要畢業了！

黃老師看見你們穿上畢業袍和帶上畢業帽，由活潑好動的小寶寶，變成斯文有禮的畢業生，踏上台階接受畢業證書，實在感觸良多。心中實在有太多的不捨得，但黃老師會學習面對，並會深深記著與你們一起的快樂時光，懷念過去的生活點滴。

最後，祝各位前程似錦，一片光明！

Upper W: 陳老師

時間真的很會跟我們競賽，但我們永遠也在不知不覺中讓它跑贏了，就像昨天才跟Upper W的小朋友開始適應全日的校園生活，今天，你們就畢業了！心中總是有點說不出的忐忑，尤其是在畢業典禮的當天，看到你們穿上紅紅的畢業袍，頭上頂着畢業帽，站在台上領取畢業證書的一刻，內心的矛盾隨即便湧出來，感到開心的是你們終於順利地完成人生中第一個學習階段了，但相對地這也是你們即將跟我離別的時候，我很是捨不得呢！畢竟你們是跟我一起整整三年全日班的孩子啊！回想你們這班天真爛漫的小朋友，各自有獨特的氣質，有些口齒伶俐，有些活潑可愛，有些熱情奔放，當然也有些恬靜乖巧。無論你們的氣質如何，你們都是我心中的寶貝，我衷心祝福你們在往後的日子裡健康快樂，願主保佑你們平安。

Upper IA: Ms Camille

Teaching can be a provoking and frustrating experience. Even when things seem to be going well, someone or something will be there to remind me of my shortcomings. Fortunately, I always received lots of valuable suggestions from the principal and colleagues. I have been working at Rosaryhill Kindergarten for two years. I love to talk with my students and hear what they think and say. I believe if they can express themselves, they will feel comfortable to speak up and learn from that. Hence, I often use my own curiosity to talk with them: "What happened?" "What will we do next time?" It's so much fun to be with my students in this way as they can share their real feelings to me. We never know what will happen or what new discoveries or learning will take place. I'll miss my U.I.A. children. Wishing all of them can "Seize the Day" (Carpe Diem), and make every day the most important day of their life!

Upper IB: Ms Diana

An amazing learning and teaching experience at Rosaryhill Kindergarten over the past three years. Rosaryhill has provided a superb learning environment for both teacher and children to set and fulfill their goals. Besides, I am very glad that our school highly supports Parent-child Involvement in the curriculum. In addition, this encourages the teacher, parents and children to be more creative and learn naturally in their daily school life experiences. I am sure that UI-B students and parents will never forget the Multi-Cultural Events such as the Setsubun Festival, Tinikling Dance, Chinese Calligraphy, Indian and Peruvian Food Tasting etc...

I definitely love every student that I have taught in this marvelous class because we have not just built a teacher-child relationship but a close relationship like a family member and a friend. Thanks everybody once again for sharing those precious memories with Ms. Dian.

Miss you always.

CHINESE NEW YEAR FUN FAIR

On the 6th February 2010, our school had an event called "Chinese New Year Fun Fair". It is celebrated for Chinese New Year and help the poor children from China who live on mountains by giving then the money we made in this celebration.

In this event, we had dances from all the sections, even the principles dressed up in different costumes so we can take photos with them.

We have lots of fun.

The Parents Teachers Association helped us make game stalls and made delicious snacks and Chinese traditional food.

In the end, we not only had a lot of fun, but we also raised a lot of money. This was a good day for us to show how much we care to the poor children of China.

Students danced with Fr. Francisco.

The "modern dance" performed by the primary section.

Parents volunteers are very helpful.

FUN WITH PARENT-TEACHER ASSOCIATION

We also participated in the"中華文化・中國心" program about the Chinese New Year and it was held on 11th February, 2010. Five game stalls and one "Fai Chun" (揮春) writing booth were set up on that day. These stalls were hosted by the student Chinese Culture Ambassadors. Parent teachers arranged a table to display various traditional Chinese food items so that children could learn about related terms both in Chinese and English.

Our annual outing to Ma Wan Noah's Ark was held on 13th March 2010(Saturday). There are five sections in the park-the world's only full-sized replica of Noah's Ark, of a overlooking the Rambler Channel and Tsing Ma Bridge. The main attractions are the 1. Ark Expo: comprised of a wide-screen and 4D theatres to let people feel the power of nature; 2. Ark Garden: consisting of 68 pairs of life-size animal sculptures; 3. Ark Life Education House: to let people experience the happiness and challenges of our varied journey in life through interactive educational facility with innovative games; 4. Treasure House: including 15 discovery galleries to provide elements of life education, multiple intelligence, critical thinking and liberal studies especially designed for children aged 3-15. In order to enhance the learning atmosphere and to encourage all to enjoy the view and facilities in the park, we had organized a photo competition for the students during the outing.

樂在中文科

在這個學年，我們推行了一連串的學習活動，當中有兩個活動更是與中文大學合辦的，分別是「中華文化・中國心」和「建立專業學習社群」計劃。在剛過去的一年，我們舉行了「中秋節活動日」和「中華文化日」，當中的活動包羅萬有，藉此讓同學們加深了解有關傳統節日的習俗和禁忌。透過這些活動，務求擴闊同學們的學習領域。

中文科承接上年與中文大學的協作計劃，本年特意增添了一節說話課以作配合，希望藉此提升學生的說話能力。此外，我們每逢星期一和星期四都會開放中文室給同學們享用，當中也增設了不少遊戲，同學也樂於在小息時到那兒享受箇中的時光。

讓我們教你寫揮春吧！

中華文化大使為我們準備了很多刺激的攤位遊戲。

同學們在「中華文化日」為大家獻唱新年歌。

文化大使用普通話朗誦文學作品《水調歌頭》。

我們更加了解節目的習俗和意義。

財神到，我們和財神拍照吧！

高年級的哥哥姐姐設計的攤位遊戲真有趣！

我們一起玩燈籠。

中文室的新遊戲既益智又有趣味！

老師教我們如何有效地閱讀文章。

我們在校際朗誦節中屢獲殊榮，而藍鎵淳同學更在個人獨誦中獲取冠軍。

我懂！我懂！我知道怎樣閱讀文章。

我們要提升閱讀能力。

ENGLISH, ENGLISH, EVERYWHERE!

This year has been an exciting year for our English Department. With the joint effort of all English teachers in the department, English can be heard everywhere in our school campus.

Students have formed a very good habit in 'doing the right thing at the right time' and hence 'using the right language at the right time'. They are capable to express themselves with fluency in daily classroom language with strict adherence to using English as a medium of instruction in language classes. What's more, having frequent interactions with our NET teachers have made our kids even more enthusiastic to use the language readily and eagerly. They are simply provided with a 'learning by doing' environment for language acquisition and appreciation.

For further motivation, the English Room has been used as a resourceful learning platform for all since games and activities blend well with the drills in the 4 essential skills in English learning. The use of Poetry and rhymes functions well in inspiring the students' awareness of the importance of maintaining good reading, writing, listening and speaking skills at all times.

MATHEMATICS IS FUN

Learning of Mathematics helps to develop the students' logical thinking, calculating and problem solving skills. In order to promote the skills and maintain the students' interest, our lessons are continually reviewed and improved. Through activities and observation, students seek explanation, thus enabling them to understand more and construct knowledge.

Making interesting pictures with tangram

This year, the Integrated Analysis Method was adopted in all primary levels to help students solve problems. Multiplication table memorizing competition was also conducted after lunch to promote students' interest and consolidate prior knowledge.

The goal of Maths Day held on 28th June, was to let students apply what they have learnt to real-life situation. This is an interesting way of learning through games and fun.

The National Milk Day is on 1st of June every year.

During the school year we have prepared 2 scientific exploring activities and visits to different places for each level. We have organised study tours to Macau, Singapore, Shan Dong and Taiwan for P.4 to P.6 students. Some of our students took part in some open competitions and got outstanding good results. For example, 2 teams have won the Merit Prize in the competition held by "Science in the Public Service".

EXPERIENCING LIFE IN MUSIC

This year we introduced some programmes to suit the needs of students at different learning stages. Through these programmes we hope that our students can learn more about music appreciation and have more self-exploration in the charismatic beauty of music. Our Primary One and Two students attend the "HSBC Creative Notes Student Concert", while the Primary Three and Primary Four students attended the Music Office Wind Music Programme "A Journey through Musical". Primary Five students went to the "Interactive Percussion Fun" concert while the Primary Six students went to the Cantonese Opera Demonstration .

On 23rd December, 2009, our school choir was invited by Regal Hongkong Hotel to participate in their Christmas Choral Singing. This performance gave our students a wonderful and memorable experience while celebrating the festive season with the huge crowd in the lobby.

COMPUTER DEPARTMENT

To enhance students' experience on learning with I.T. Our school joined three projects this year.

The main features of this these projects is the use of utra-mobile (UMPC) to record different multimedia resources during the visit of Ting Kok, Mai Po Nature Reserve and Science Museum.

The instructor from WWF shows us what we have found in the beach.

The outdoor educational programme at Ting Kok offers students a chance to learn about the mangroves that exist in Ting Kok. Students used ultra mobile personal computers (UMPC) to search the relevant information and answered the questions provided by the website at Ting Kok. After the excursions, students shared all the data collected in the UMPC on the Facebook with other students.

The outdoor educational programme at the Mai Po Nature Reserve offers students a chance to learn about the rich eco-systems that exist in the wetlands. They learned about the importance of wetlands for migratory birds and they adapt to this unique habitat at Mai Po Nature Reserve. They then exchanged ideas through the e-platform of Facebook.

Finally, students used the QR bar code and the UMPC to explore exhibits and thus experienced the fun of discovery learning in the Science Museum.

I am going to answer the questions.

So many rubbish in the beach.

VISUAL ARTS

Hats

Our new Visual Arts Room is opened, located at the second floor. Students are very delighted to have their visual art lessons in such an inspiring environment. The creativity of our students are well cherished by us. We encourage them to participate in various competitions. Eleven of our students went to Victoria Park to join the student drawing competition on the first day of Hong Kong Flower Show. Though they did not receive any awards, it had been a good opportunity for them to brush up their skills in drawing.

MAINTENANCE OF RELIGIOUS HARMONY ACT

The main theme of this year is 'Love and Care' aimed at enabling students to become mature, happy and positive beings. Through the provision of a caring and loving environment, a trustful and intimate relationship can be fostered in the family of students. We assisted in the spiritual growth of the students through a wide range of religious activities, following the footprints of Jesus Christ.

They are:

1) Bible Reading Competition-Many students participated in this open bible reading recital.
2) Religious Week-The main theme of our religious week is 'Come, and follow me. Be my disciple'. We were happy to have brother priests(novices) to share their experiences with love in Christ.
3) Prayer at the Statue of Fatima, Mother of God-During the month of May, students presented their flowers and prayers to Mother Mary who is the best role model of us. Our Mother Mary is the "Star" of discipleship, a true follower of Christ Our Lord.

We are making flowers for Mother Mary.

Dear Mother Mary, please accept our prayers.

Peace be with you.

We are blessed by our Lord.

This is called a Rosary Beads. We use this for praying.

We are happy to be blessed.

Hail Mary, please be with us.

LIFE EDUCATION

The aim of Life Education is to let students to better explore themselves through activities.

During the last school year, we had a Monthly slogan so that students can get a balanced development concerning personal and social aspects. Moreover, our school cooperated with the School Guidance Officers in organizing a "Caring Volunteers Training". The group activities serve to enhance students' self-esteem and to learn how to respect others.

A visit to family service centre.

There had been a visit to the centre of the aged in the St. James Settlement Wanchai Integrated Family Service Centre on the third of April 2010. The main objective is to explore our students' own strengths and potential. Our students acted remarkably on that day, having a good spirit in community care.

Moral talk.

A wonderful mini concert.

Training for voluntary helpers.

What's the answer?

We all had lots of fun.

READING IS FUN

Library lesson

In order to encourage our students to cultivate a reading habit, our school has introduced a new reading scheme. At the beginning of the School year, students were obliged to read a certain number of Chinese or English books for the entire academic year. Each student is given a reading log book to record the books they have read. Many students have read quite a promising number of books under this scheme.

Every week, there is also a library lesson for the students which is conducted in the library. During the lessons, students learn more about libraries, like the categories of books, and rules that have to be observed. There are also other activities like story telling, and book recommendation. Students also learn how to use dictionaries. Library lessons are really useful for the students to improve their reading skills, and also stimulate their interests in reading.

A good collection of books.

We love reading.

We all love Big books.

Students like going to the library.

RED CROSS

Red Cross Junior Unit is one of the three uniform groups in our Primary Section. Students learn to help people with their knowledge in first aid and cooperate in team work. Here, children provide rescuing services which help them to become responsible beings.

In Red Cross meetings, students know more about humanity. They also learn practical skills, such as fire prevention, first aid, knotting and ways of taking care of themselves. Theories, case studies, games and interactions with secondary section's Red Cross members help our students to grow with excitement.

All Primary Three or above are welcome to join us!

Salute, Red Cross Unit!

Today we talk about First Aid.

SHARING OUR HAPPINESS

The Hong Kong Girl Guides Association has been providing girls the opportunity to maximize their potentials. Many programmes were given to them showcase their talents, discover new interests, and develop their leadership skills. During the school year, our Brownies had engaged in many activities, one of which was the RHS Sports Day. Our Brownies also helped to raise money for the Hong Kong Girl Guides Association through the sale of raffle tickets. They learn to share their success and happiness with the community and helped one another like a family.

We belong to the Brownie family.

Guess who the winner is!

Two of our Brownies received the "Super Brownie Award" this year.

HIGHLIGHTS OF THE EXTRA-CURRICULAR ACTIVITIES

Drawing

We really enjoy drawing.

The ultimate goal of the extra-curricular activities is to discover the potentials of the students and help them become well-rounded individuals in their lives.

Every Wednesday, our students were divided into different groups to have their ECA activities. These activities have been especially designed to fall into different categories. For P1 and P2 students, they participated in the "Little Water Paints", "Little Hand Craft" and "Reading is Fun". For P3 to P6 students, they had a wide range of Arts and Sports activities for them to choose from-Chess games, UMPC-IT, Drama, Waste Recycle Little Craft, Cross Stitch and Fun with Music and Sounds. Students that enjoy sports joined the Table Tennis, Athletic and Basketball team. Apart from all of the above, some students enjoy joining the uniform units like Red Cross, Brownies, and Cubs.

Through engagement in ECA activities, we believe that the students will devote more time to maximize their potentials and talents to the fullest extent.

THE GLORIOUS DAY OF SPORTS

On 29th March 2010, our School held the Sports Day in Aberdeen Sports Ground. We had a fabulous opening ceremony with students marching in a parade. Students and teachers sang our School song in unison with the hoisting of the Sports Day flag. After the opening address, all the school members did some warm-up exercise to mark the beginning of the Sports Day.

There were many events on that day. All the participants did their best in the competitions hoping that they could win in the end. However, no matter what the result was, they all showed good sportsmanship. The climax of the day was the Parent-Student-Teacher Invitation Relay where different members of our school ran in the 8×50m relay.

All winners received their prizes in the closing ceremony happily. Thanks to all, especailly the parent helpers. Their support together with the keen participation of all school members made the Sports Day a real success.

We have our school picnic at the Tai Tong Lychee Garden on 22nd November 2009. Students were also to enjoy the countryside through actively participating in various activities such as growing plants and feeding animals. It was such a good blessing to have a sunny day. GRADUATION DAY, CAMP AND LUNCHEON

For every student, graduation is a very memorable and meaningful moment. To make the graduation to be more meaningful and unforgettable, the school has prepared successive events for our P.6 students.

On the 19th of June, it was the P.6 Graduation Luncheon. It was the time for the students to show their appreciation to their teachers. In the luncheon, students participated in games, lucky draws and hearty buffet with guests, teachers and schoolmates.

On 21st June to 23rd, all P.6 students have spent 3 days in the Wu Kwai Sha Youth Village for their graduation camp. For the students, it was such an exciting experience since they have done well in the activities and trainings. Through the graduation camp, students have learned how to be independent and to make a smooth transition to the secondary school life.

Last but not least, the Graduation day was held on the 3rd of June. In the graduation ceremony, certificates and awards were presented to the graduates who have performed well in this school year. Performances like Chinese Drums, PowerPoint Presentations and the Group Singing by the graduates were the highlights of the Graduation Day.

OPEN DAY AND LESSON OBSERVATIONS BY PARENTS

Parents are looking at student's project.

Our School Open Day was held on 15th May. Some of our teaching facilities and students' outstanding work were exhibited in different classrooms on the second floor. Notable and impressive performances was another main attraction of the Open Day. We had performances like modern dances, taekwondo demonstration and even percussions. For all, it was an open day where fun and educational programs combine to make it memorable. The tremendous success of the Open Day owed much to the concerted effort and devotion of all students and staff.

We had 2 days lesson observations in early May and were attended by parents with sincerity. We do feel that open classrooms are essential for the welfare of our students. Once we have direct response from parents about the effectiveness of our pedagogies and the flow of the lessons, we are able to have a thorough needs analysis to scaffold our teaching for better outcomes. Thanks, parents for your continuing support and time.

TEACHERS' PROFESSIONAL DEVELOPMENT

In these recent years, teachers find that attending different of courses, engaging in professional exchange or enrichment activities within and among schools, as well as providing service and support to the education community have become an essential part of our professional lives.

We have invited speakers through Longman Education Hong Kong to hold a workshop on "Grammar teaching and conducting learning activities in small classes" for our teachers.

Inquiry is an approach to learn that involves a process of exploring the natural or material world, that leads to asking questions and making discoveries in the search for new understandings. We have invited Mr. Leung Yik Tin, who is professional in Mathematics teaching, to hold the workshop for our teachers. The teaching method is active, interesting and systematic. Teachers would like to carry the method into their classroom activities, to arouse our students' interest, to investigate, to tackle with the problems they met.

Information technology and e-learning is introduced to our teachers. Speakers from New Asia Publishing House came and shared their experiences and equipment in the field. All the teachers are will to hold the trial lessons by using the electronic portable whiteboard.

Besides inviting professional speakers from outside to hold the workshops for our teachers, part of our teachers took part in other aspects such as providing service and support to the education community this year.

Two Chinese teachers and the Curriculum Development Officer are invited by Chinese University of Hong Kong to share their teaching experiences in the action research in the programme of Chinese Partnership Learning Community.

This year we also joined the Scheme of Chinese Culture which is held by Chinese University of Hong Kong. Teachers participated in the scheme and the students ambassadors were invited to share the experiences in QEF sharing session.

Four of our English and Chinese teachers became the mentor of the students from Education Faculty of Chinese University of Hong Kong. Hope these four young people enjoy and learn a lot as a student teacher in Rosaryhill School.

多姿綜合活動

為了讓學生有多元化的發展及配合校本課程，本校特意安排了不同的考察活動予學生參與，並與其他大學合辦相關的協作計劃，好讓學生們能從中提升不同的技能，迎合未來社會的需要。

本年度學校與中文大學合辦了多項計劃，除上述介紹的項目外，我校亦參加了另一項名為「中華文化・中國心」的活動，此項計劃為期兩年，目的是讓學生通過專題研習認識中國的傳統節日，從而了解中華文化的博大精深。此外，本校亦推行了另一項名為「中文學習社群」的協作計劃，這項計劃融合了不同的學習方式，提升同學的閱讀能力。

UMPC活動也讓會員到米埔及汀角作實地考察，讓同學們了解不同生態環境對動、植物的影響。同學們都在精彩的活動中獲益良多，過了豐盛的一年！

另外，同學亦在復活節期間到位於台灣的大湖國民小學作探訪。兩地同學們通過「學習村莊」互相認識，互相交流及討論；透過這次活動，學生各方面的能力都因此而躍升。

SPEECH DAY

The Speech Day was held on 29 May 2010. The occasional shower washed away the stuffy feeling and created perfect weather for the Opening of our Speech Day. An audience of about 1100 parents, staff, guests and pupils gathered in the Bernard Charnwut Chan Hall to witness and take part in this delightful and memorable event. This year we were especially honoured to have Professor Timothy W Tong, the current president of the Hong Kong Polytechnic University, to be our guest of honour and to confer our graduates.

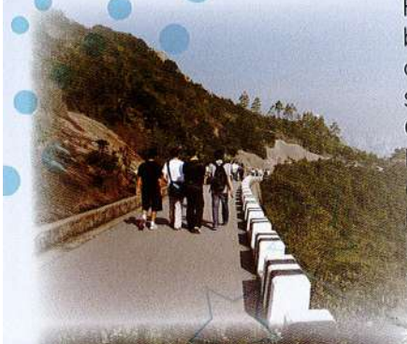
Our ceremony began with our principal, Mr Francis Tsung, welcoming the audience. He also showed his appreciation for the hard work and great effort the graduates had put in throughout their school years. He sincerely wished that students could become "better, conscientious individuals, more useful citizens of Hong Kong and truly authentic Christians".

Following the address of our principal, our guest of honour expressed his joy at being invited to this special event. He gave a thought-provoking speech containing valuable advice for our graduates. Professor Tong stressed the importance for students to treasure every opportunity to learn and to acquire knowledge, and in order to cope with the changing needs of the society, students should be creative and actively practice what they have learnt. He also emphasized the importance of learning different languages, as this enhances communication among one another. Finally, he sincerely wished our "after 90's" to have a prosperous and bright future.

After that, our Secondary 7 and 5 graduates presented their vote of thanks. Both graduates reminded students to hold on to 'the values and virtues" learnt in Rosaryhill School and work to the best of their ability to light up the world. At the end of the speech, they encouraged students to be brave enough to face the obstacles and challenges in their life. The beautiful speech becomes the highlight of the ceremony.

The day was successfully completed by the impressive performance of the team who won the 60th National Anniversary Project Learning Competition, Girls Solo prose reading and dual speaking performance.

WALKATHON



Fog gave way to brighter weather as Rosaryhill School held its biannual charity walkathon. The event was a great success due to the encouraging participation of so many teachers, students, parents, alumni and ex-staff, as well as their pets. Our alumnus and the awardees of The Ten Outstanding Young Persons 2009, Dr. Patrick Yung, the Supervisor, Fr. Francisco, and The Chairlady of the PTA, Mrs. Cheung Fok Wing Yin were invited to attend the opening ceremony. No sooner had the bells rung, than all S.1 students set off with their parents in high spirits.

There were several activities associated with the walkathon, including competitions for The Highest Donation of Class, The Highest Class Spirit, The Class with the Highest no. of Participants and The Best Class Photo taken at Tai Tam Countryside Park. There was keen competition for The Class with the Highest number of Participants award. Once classes set off, they started exploring the peaceful countryside and taking photos of the beautiful landscapes and scenery. On the way, students played tricks on their pet dogs, and everybody around roared with laughter.

中國語文教育

中國語文科

為配合新高中課程，中國語文教學組一直致力發展校本課程，又因應學生的需要，不時檢視初中的教學框架，並作出了適當的課程調適。

當然，我們也不忘通過舉辦不同類型的活動，利用課餘時間，營造學習語文的環境，以提高同學對學習語文的興趣，並讓同學在各項活動中認識中華文化的優良傳統 。比方過去一年，中國語教育組曾舉辦中一成語日、中一禮貌及儀容標語創作比賽、中二禮貌及儀容看圖寫作比賽、中三禮貌及儀容演說比賽、中四以關愛為題寫作比賽、初中寫揮春比賽、元宵謎競猜比賽，中文閱讀報告和朗誦比賽。

「全方位學習」，要求師生走出課室是近年教育改革的新方向，中國語文教育組也針對這個社會需要，特於去年十一月安排中二級同學到圍村考察，不同班別分別被安排至屏山、龍躍頭和錦田，透過考察提高了同學對傳統文化的認識。

普通話科

普通話科課程以訓練學生說話及聆聽能力為主，輔以拼音及語音知識的教授。多年來，學生於公開試均獲得優良成績。本科特別注重鼓勵學生參與多元化活動：如普通話交流日、朗誦、講故事與演講比賽。近年致力訓練集體朗誦，獲得不俗成績。

校外活動方面，本科每年皆選取一些適合本校學生參與的普通話校際比賽，鼓勵學生參加，增加接觸普通話的機會，同時提高普通話口語能力，本年度學生榮獲多個獎項（見下表）。校內則有普通話交流日，每逢星期二午膳時間於初中有蓋操場進行。10位普通話大使因應不同討論題目與參加同學進行對答，訓練學生口語能力。表現最為突出的三個班別將獲「最積極參與班別獎」。

2009-10年度學生參與活動及比賽表現如下：

活動	成績
【普通話交流日】	上下學期共16次，總參與人次為2,052人次
【2009全港普通話傳藝比賽】	共獲得冠軍、亞軍、季軍及殿軍各1項及11項良好獎狀

The Peak Project

This year, S4E participated in a 'street interview' type of project called 'The Peak Project', in which they were given practice in the classroom (Pre-outing) before carrying out interviews with English-speaking tourists (Outing). As reflection, students discussed and reported on their experience (Post-outing). Students were to use English for in an authentic setting. This project aims at enhancing their confidence in speaking in English and motivating them to learn collaboratively with peers.

S5 Inter-class Competition

It is never easy to say goodbye. The parting with our S5 students, however, brought no tears and cries. The Inter-class competition held at the end of March injected amusement and relaxation. Each class performed the song "Way back into love" with energy and creativity. Students were to dictate the lyrics and practice singing it aloud as a class. Within a short while, the hall was filled with laughter and cheers. Music evokes emotions and the school leavers would not forget the day they immersed in an English rhythm with their buddies at Rosaryhill.

Talking Booth at Friday lunch break

While some long for a soda at the tuck shop, a shoot at the hoop on the basketball court at the lunch break. Many teachers and students devote quality time joining the Talking Booth at the basement every Friday for a chance to exchange thoughts in English. The topics range from teenage issues to social concerns. They are extended into writing tasks in the form of journal writing for consolidation of thematic vocabulary items. Groupings are arranged to facilitate the discussion led by the host. For S1 and 2 participants, a reading aloud counter is set up to practise fluency and accuracy of pronunciations. Bonus oral exam marks are awarded to these motivated learners.

MATHEMATICS EDUCATION

Mathematics Quiz 2009-2010

As an educational cum thought-provoking annual event, the Mathematics Quiz held from 24 to 26 November 2009 and 23 and 25 March 2010 by Mathematics Team attracted 106 students of S1, 137 students of S2, 136 students of S3, and 155 students in S4 as well as 185 students from S5 to S7. VISUAL ARTS DEPARTMENT

1."NEVER EVER"（下畢為例）- S7 Graduation Exhibition

Promoting art atmosphere in the community is one of the main aims of the Visual Arts Department. In recent years, S7 VA students have organized graduation exhibitions in the public areas, especially in wildly-developed districts like Wan Chai, to help guide people in the community to better understand and appreciate various art formats, art in ordinary life, art in shopping centers that can influence and uplift Hong Kong's culture and lifestyle.

The graduation exhibition took place on the Upper Ground Floor at the CC Wu Building on 23rd- 28th February 2010. Fifteen Secondary 7 VA students exhibited their works in different media such as paintings, photography, installation, design, collage and sculpture. Students stationed at the venue introduced their artworks, explained their messages and exchanged innovative ideas with visitors. Positive comments from professionals and encouragement from teachers, parents and fellow schoolmates were received. The supportive feedbacks from the general public prove that RHS students excell in aesthetic ability and event organization.
Displaying creative artworks of "future artist" or students strongly expressing themselves through various media is an amazing and worthy task, and Rosaryhill School will continue to move forward in this regard.

LIBERAL STUDIES EDUCATION

ABC is the guiding direction of Liberal Studies Education in our school. A stands for "awareness" of current issues. B stands for "broadening" of basic knowledge whereas C stands for the development of "critical thinking".

For enhancing students' awareness of current issues, the Liberal Studies Department requires students to subscribe Singtao daily newspaper. The Department will also make use of current issues in their daily teaching.

For broadening students' basic knowledge, students are taught basic knowledge and concepts in different modules. Students are then required to apply the knowledge and concepts in their daily assessments. What's more, the Department also organized different movie appreciation and museum visits and even an out-side HK study tour to strengthen students' basic knowledge in different aspects. Students were also taught critical thinking systematically in classroom learning.

The highlight of the Department must go to the Liberal Studies Prize Presentation Day, where students competed for the championship of the Liberal Studies Enquiry Study Award. All S.4 students were impressed by the marvelous performance of the finalists. What's more, students were encouraged to participate in the Coca Cola Expedition 206 competition and our school received the most entries prize.

Though Liberal Studies is a new subject to all S.4 students, their interest in Liberal Studies has been successfully enhanced through different learning activities.

Participants had interaction with the local minority ethnic groups by dancing and having games together. Students visited a primary school with students mainly of ethnic minorities. They also paid sight-seeing visits to famous scenic venues including the ancient city of Lijiang (麗江) and Dali (大理), geographic site of Jin Sha Jiang (金沙江).They experienced the harmonized life-style of more than ten minority ethnic groups living together.

Taipei Art Tour

The Art Tour was one of the programs of the Arts Education during the Integrated Learning Week. It aimed to promote art knowledge and art activities out of school. In total 37 students of S4 and S6 joined the Taipei tour program. We organized various visual art workshops (ceramic, painting and handicraft), gallery and museum visit for our students. The performance and feedback of students were both very good.

Religious Exposure in Macau

The Religious Education & Activities Team organized a Religious Exposure for S4 and S6 students in Macau. We visited several places in which the students could know about how different religion beliefs affected the lives of citizens in Macau.

We visited several churches and temples to have more understanding of the cultures and rituals of different religions. We have also visited the seminary of the Dominican Orders as well as the Cemitério São Miguel Arcanjo. On the last day, we visited the St. Paul's School Macau, an educational institution managed by the Dominican Orders.

By participating in various activities, students had the chance to experience different types of art form, such as design of the booklet, opera appreciation, Hip-Hop dance, Process Drama workshop, stage make-up workshop, African drum workshop and photo taking competition. Four groups of student had the chance to prepare a 10-minute drama with DIY costume, make-up and dialogue in the 'Finale'.

Astronomy and Geography Camp

The camp was held at Salvation Army Bradbury Camp in Cheung Chau. The camp aimed at leading our students to learn geography through field study and orienteering. At the same time, their basic knowledge of astronomy would be built. Most of the students were eager to join different activities and followed the instructions of the teachers/instructor. They could definitely learn something through the camp activities.

Mathematics and Science Camp

The camp was held at Tso Kung Tam Outdoor Recreation Centre. Through a series of games, activities, visits, competitions and talks, students are provided with an outdoor learning experience to enhance their knowledge and interest in Science and Maths. Moreover, students learnt to be self-disciplined and worked collaboratively. The activities included science competitions, measurements and estimations from Maths projects, rope course, Aviation Discovery Centre, slide show, BBQ, etc.

Smart Teens Camp

The camp was held at HK Federation of Youth Groups. Training programs aimed at establishing students' initiative, self-discipline, perseverance and self-confidence. The activities included rafting, high wall, rock climbing, night walk, etc. Throughout the students' active participation in the activities, we could observe that they were learning the spirit of co-operation, persistence, and consideration of others in achieving the different tasks. Certainly, the primary goal was to merely let these students have the experience of the so-called "adventure-based learning activities", which turned out to be a fruitful experience for the students as well as for the teachers.

Sports Camp

The camp was held at Wu Kai Sha Youth Village. The camp successfully enhanced the awareness of the importance of physical exercise to healthy life, the idea of fair play and sportsmanship, etc. In the camp students were introduced to new activities, e.g. triathlon, cricket, etc.

INCLUSIVE EDUCATION

Our school is committed to creating a productive and inclusive educational atmosphere inside the campus. Collaboration between professionals and teachers allowed, several activities and measures to be provided for the students with Special Educational Needs(SEN). The activities catered for the student's learning diversities.

This year, we organize learning groups and growth groups for students with SEN, to enhance their reading and writing skills, social skills and self-confidence. Besides, individual speech therapy service was also provided for students with speech and language impairment.

Apart from students with SEN, we promote inclusive education to all school students, teachers and parents. We arrange seminars concerning SpLD and ADHD for teachers on Teachers Development Days, talks for S1 students concerning an inclusive campus in LEP lessons, and workshops for parents so they can learn methods for coping with the needs of their children.

It is important to provide all-round support to SEN students. It is possible if every concerned party puts their best efforts into caring and teaching the students.

HEALTHY SCHOOL LIFE

The Counseling & Discipline Team aims to help students acquire and develop a sense of self esteem by recognizing their strengths and weaknesses. In addition, we help students participate and benefit fully from school life, solve problems and decide on appropriate action.

This year, in order to promote a healthy school life, a variety of small group activities, anti-drug programs and talks were organized. Both the Smart Teens Program and Counseling Training Group are small group programs, which aimed at enhancing some S1 and S2 students' EQ, helping them to explore their potential and provide good role-models to S2 students so as to cultivate a harmonious school culture.

On top of that, various anti-drug schemes were successfully carried out, namely, "No Drugs No Regrets" Singing Contest, Anti-Drug Writing Competition, Anti-Drug Talk, Anti-drug Fun Fair at Kowloon Park, etc. We are proud that apart from getting the Most Active Participant Award, one S1 student was named the champion of the essay competition and 4 other students received Meritorious Awards in the Anti-Drug Writing Competition entitled, "A Letter to Mum and Dad", which was organized by Wanchai Methodist Centre and Wanchai District Council in February 2010.

The highlights of this year were visits to Zheng Sheng College, Cape Collison Correctional Institution, Lai King Correctional Institution and Shek Kwu Chau Treatment & Rehabilitation Centre. Students from different forms were provided opportunities to visit the rehabilitation facilities and listen to former drug abusers and convicts share their experience.

YOUTH AMBASSADORS SCHEME

This year the Youth Ambassadors continued to serve fellow S1 schoolmates who were mainly newly admitted students from mainland China. The aims of the Youth Ambassador Scheme are to train them to be "buddies" of the junior peers and encourage them to take part in activities held inside school so as to help them to adjust to their new school life and to provide them with good role-models so as to cultivate a harmonious school culture. Apart from holding some activities at school, the Youth Ambassadors have taken part in various community services, for example selling charity tickets for Care for the Elderly Association Limited, accompanying the new arrivals to join the Christmas caroling activity, joining Walkathon of Baptist Oi Kwan Social Service and organizing a "Healthy School Life"game stall at Kowloon Park.

CATECHISM CLASS

There were around 60 students in the Catechism Class this year. Since we have recruited a large group of S.1 students in the beginning of the school year, the existing members had to be separated to another class. There were totally three different classes being responsible by several teachers, Ms. Amy Loo, Ms. Angela Chan, Ms. Jessica Leung and Mr. Joseph Yip. Br. Christopher has also given a lot of helps in the classes this year.

Gathering and sharing sessions were arranged weekly throughout the whole school year. Students not only listened to stories of Jesus, religious dogma, but also had chances to share their views on the Catholic Religion as well as experiences of the daily life to their group members. The groups worked like a family inside the Religious Room.

We were extremely delighted that three of our students were baptized in the St. Margaret Church during the Easter this year. They had been the Catechumen for two to five years. We give thanks for God's gentle blessings to the students as well as the class.

While the English Club was not a large club, the meetings were lively and well attended by the dedicated few who attended each week. Members enjoyed each other's ideas and contributions while further developing their English language skills. It's hoped that next year can be just as rewarding.

Members have fun with their original Drama scripts

The small but motivational English Club

LIBERAL STUDIES SOCIETY

The Liberal Studies Society aims to enhance students' awareness of contemporary issues, broaden their horizons by entering them in inter-school competitions as well as developing students' critical thinking and research skills.

Other than these daily activities, the Liberal Studies Society participated in「第四屆香港杯外交知識競賽」this year. Students gained much knowledge on foreign policy implementation and history of the PRC through this competition.

It was encouraging to see a group of S5 students participate in「建國六十年專題研習比賽」organized by the EDB. They finally notched up the championship in the senior level. All of the participants got an opportunity to do a study exchange in Beijing during last December.

The most important thing to our Society is not to win but to take part. There are huge benefits to be our members participating in such events. Developing discipline, teamwork, self-esteem can all help our students in their personal growth.

SCHOOL CHOIR

This year, there are three groups in the School Choir: Junior Choir for S1-2 students, Senior Choir for S3 or above students as well as the Rosarian Singers (for the graduated students) who also participated in various activities.

This year, we performed on various occasions inside and outside school, such as the Opening Ceremony, Closing Mass, Singing Performance of the Religious Week; and the X'mas Caroling at IFC. Some of the members took part in different events at the Hong Kong Youth Singing Festival 2009. Two 1st runner ups in group were received; in the Jazz Ensemble (25 and under) and Jazz Ensemble (18 and under).

The School Choir also presented the year-end concert 'Love never Ends' at St. John's Cathedral, held on 11th May 2010. It is not only an activity of a club but it is also a public concert. Many meaningful songs and hymns were performed, fully expressing the theme of the concert - "Love Never Ends". It is actually the first time for many junior level choir members to perform in a public place.

The programme culminated at its last piece, "The Rainbow Connection", reverberating the equally outstanding thematic annual performance made in 2006. Audiences were very satisfied with the good performance of the choir and the Rosarian Singers. Mr. Alex Tam, the conductor, was intentionally invited to conduct the last piece, as a surprise gift for his forthcoming wedding to be held at the same venue. As an open concert, it not only attracted many students, old students, teachers, former teachers, and parents to come but was also attended by many outside audiences.

MUSIC ENSEMBLE

To Experience 實驗實踐音樂會? What's that? It was a successful lunch concert on 25 May 2010 by the Rosaryhill School Music Ensemble. The Auditorium was filled by an over-sized audience, with many students standing at the back. Some teachers also came to support their students. The Ensemble played Canon in D by JS Bach & Laputa(天空之城) by 久石讓 which was arranged by themselves. Two S.4 students, Lam Ying Kuen & Queenie who take Music as an elective subject in NSS played piano & flute. There was also a band formed by five S.3 students. A lot of students reflected their appreciation in their performance & the hard work of their schoolmates in their concert review.

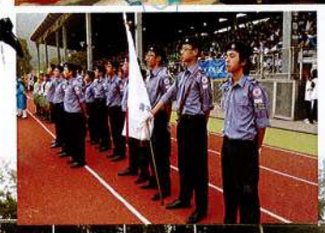
We also implemented School Health Ambassadors, anti-drug and World Aids Day programmes in the school.

Members also participated in varieties training courses, such as First Aid, Home Nursing, Health Check, and Leadership Training. We arranged Youth Basic Training, the Elementary First Aid Course and Drill Course at regular meetings for our new members. In addition, we organized an orientation day, monthly birthday parties and a joint units BBQ gathering for our members. These event provided opportunities for our members to meet new friends.



RED CROSS YOUTH UNIT 48B

Mobilizing our members to care for people who are in need, the Red Cross Girls provided service at various school functions, such as the Swimming Gala, Athletic Meet, Cross-country, Walkathon, Blood Donation Day and Parents' Day. To enhance service skills, we organized courses in First Aid, Fire Prevention and Youth Basic Training.

SCOUT

Our Background:

The 98th Hong Kong Group, has been a member of the Hong Kong Scout Association for over 43 years. It has received great support from Rosaryhill School in terms of its development and achievements obtained.

Our Missions:

To operate an educational program for young people that provides them with challenging and progressive training programmes

Our Year 2009-10:

The 2009-10 School Year was a fruitful year for both our scout brothers and leaders. We organized a wide range of indoor and outdoor activities including Troop Camp at Mui Wo, Backwoods cooking, Mapread & Expedition training and Pioneering. Since we greatly focus on our members' whole person development, leadership training and team building were core elements, in the development of better interpersonal and collaboration skills respectively.

We also participated in a number of services in order to serve the community. We have taken part in all of the school's sports functions and ceremonies. Currently, our members are actively planning service projects to serve the community through different ways to different target groups. Furthermore, voluntary opportunities will be offered by the Hong Kong Scout Association, in which a variety of sources are available for our members to take part in.

Our Achievements:

Regarding Awards and Recognition achieved within this school year, our scout brothers gave their best performance in the Athletic Meet Parade, receiving the Champion for the footdrill competition. Externally, we have been awarded the Distinguished Group award for 4 consecutive years. Our motivation, efforts and performances have shown as to be above an average standard.

Our Future:

In the coming future, a new section, the Venture Scouts, will be created to cater for our members aged 15 to 21 so they can continue to develop personally. Combined with their links to HKAYP, members could fulfill their OLE (Other Learning Experiences) with a more fruitful portfolio as a result.

In addition, we will become a bigger family that welcomes both boys and girls, for Scout and Venture Scout Sections. It would surely be a great step forward in our quest to learn, interact and serve the community together more efficiently.

GIRL GUIDE

The Girl Guide recruits girls from different forms (S1 - S6). The regular meetings provided a great platform for them to develop strong bonds and friendship. The main duties that the girls have achieved this year were:

1. Serve in school functions (such as the Athletic Meet, Parents Day and Speech Day etc).Students are involved in different duties like reception, on post, controlling the discipline and participating in prize-giving ceremony and in the parade.

2. Participate in activities organized by the Hong Kong Girl Guide Association, such as selling flags and raffle tickets, leadership training and district meetings.

3.To develop "Eight Point Programs"-getting to know people, keeping the guiding law, giving service and enjoying the out-of-doors etc.

4. 4 To cultivate the sense of self-confidence and self-discipline.

Positive feedback was received for the girls' performance in different activities. Hopefully, they can achieve even better in the coming years.

THE HONG KONG AWARD FOR YOUNG PEOPLE

In recent years, the Hong Kong Award for Young People unit of our school has organized members and other students to participate in the Oxfam Rice Sale. This event has also become a major school event. This year, on two consecutive weekends in May, 123 students sold Oxfam rice at downtown area of Causeway Bay. The participation of the alumni had added special meaning to this function. The Old Students Association recruited about 30 members to join this activity. The role of the old students was to support the lower form students by accompanying them to sell Oxfam rice. Some students joined this activity with their mothers as companions to celebrate the Mothers' Day.

It was quite demanding to stay under the fierce sun in the busiest district for long hours. However, people tendering donations and buying the rice packs had given them greatest support. Some teachers showed up to support the students. The Alumni, parents and teachers could be role models to the students. The presence of them had reinforced the positive value of community service in students.

UNIFORM UNITS PARADA

The Uniform Units Parade was held on the 14th May 2010, on the basketball courts nearby the "Our Lady of Fatima". The parade went very smoothly. It began with all team members neatly dressed in Uniform, marching in step to the venue. Their tidy uniform and good marching showed the team members to be well trained and revealed the good effort of all the teachers that assisted in the organization and training of unit member. Parents, teachers and students highly appreciated the parade. After the event ended, Supervisor, Fr.Francisco, and Principal, Mr. Tsung, posed for photos with the team members. We hope our Uniform Units will be more mighty in the future.

The first and foremost was "Our Determination", a hand-printing ceremony, which aimed to show their unity and determination towards their goals as student leaders at the junior cover playground on 30th October, 2009. With the aims to serve their Rosarians, they organized various activities, to name just a few, such as the Singing Contest, the Christmas Party, the White Day Event, which gave packs of chocolate to teachers as tokens of appreciation, and the Inter-class Football Competition.

STUDENTS' ENGLISH WORK

Leakage of Privacy to Media

Chris Chang Xiang Tat 5D

You might have read or heard about the latest gossip in town about celebrities' privacy being infringed by the media. The rumors of celebrities' relationship and marital status are always the centre of attention, whether or not the issue is supported by facts. Through the reports of the media, celebrities' personal lives are seriously affected and if the situation carries on, it may affect their career in the long run.

Celebrities do receive a lot of publicity from the mass media but they hate to see the media making stories for the sake of attracting more readers and lifting the sales returns at the expense of their personal security. It is a shame to see the reporters distorting the truth to satisfy the curiosity of readers. Without giving consideration to the consequences, this way of treatment is unfair to these public figures.

To cite the case of actor and singer Andy Lau, there is a war provoked between the celebrities and the press. Andy was bothered by the report on his marriage. He told a lie to cover up his marital status and this stirs much controversy.. I believe that there may be some reasons behind for hiding the actual happenings concerning his personal life. The press should not disclose his secrets since it is done in a very disgraceful manner. Celebrities feel insecure if their secrets are openly discussed and they should have the right to protect their privacy.

Sometimes, reporters are banned to report something which is sensitive to the government or the public. Indeed, press freedom is necessary but the duty of the mass media is not to give false information and interpretation. They should give accounts in a respectful way. Although we have the rights to be informed of events happening around us, it is equally important to respect one's personal life. The annoying behavior of paparazzi should be stopped. The public needs to draw a line between news reports and make-believe stories.

Letter to Editor on the issue of mass-suicide

Polly Chen Wei Ya 6C

Dear Editor,

I am writing in response to the article "Police act after mass-suicide call on Facebook" dated November 26. It is about an Internet user's attempt to organize a mass-suicide group on the social networking site – Facebook. Nearly 190 people joined this group and some of them even tried to kill themselves.

I was shocked when I read the news. I was furious by the remark made by the creator of this site that it was meant to be an inside joke. This is immature and irrational. How can he take other people's lives as a joke? Life is not a joke, life is precious. Besides, he should realize that talking people in to commit suicide is a criminal offence.

This issue implies there are a number of teenage issues that deserve attention. First, teenagers like to model after behaviors or thoughts in trend. They are easily influenced by others under peer pressure. They are afraid of being different from others and be isolated. Many of them act out of impulse to vent negative emotions but end up in tragedies. Second, teenagers are vulnerable. If they encounter problems in their studies and social life, they do not know how to handle them. They cannot find ways to cope with the difficult situations which may be the source of their suicidal thoughts. Lastly, teenagers who joined this group do not have the right attitude towards life. They lose the purpose of living.

In view of this, I suggest that the government and schools should address these problems immediately. The government should make amendment to the law. Like other countries, it should state explicitly that people who instigate the suicide of another or a suicide attempted by another face a maximum penalty of 14 years' imprisonment. On the other hand, the Social Welfare Department should improve its support services for families of those who commit suicide and set up a hotline service to offer counseling to those in distress.

As for the school, teachers should immediately send problem students to social workers and psychologists to offer comfort and therapy. Moreover, schools should instill the correct attitude towards life to students through life education periods and religious studies lessons. They should also encourage students to express their problems to those they trust such as their parents, teachers or social workers etc. Last but not least, schools should promote the proper use of the Internet and report suspicious websites. Teenagers need to learn how to distinguish misleading and harmful content on the Facebook.

Yours faithfully,
Chris Wong

Do's and Don't in HK

Vivian Tang Wing Yan 6D

The Pearl of the Orient is no doubt a great place to visit. Hong Kong is blessed with popular attractions and sightseeing opportunities throughout the territory. To ensure a pleasant visit to Hong Kong, below are some advice offered to youngsters traveling to Hong Kong. It might not be a detailed one, but is certainly a useful start to give you a heads up before you arrive at this metropolis.

First of all, here are the suggestions of where you should visit In Hong Kong. Rather than suggesting places that have been introduced in different tourist guide booklets for HK, like The Peak, HK Disneyland, here are some places where you can gain a unique local experience. The flower market in Mongkok is certainly on the list of wonderful places here. It's one of Hong Kong's most colourful street markets. It's a jungle of exotic blossoms, luck-bringing houseplants to be found in more than 50 shops. It's always fun to walk around the market admiring the huge variety of flowers and plants for sale and experiencing the busy street on the roadside pedestrian path.

What comes next is no surprise, the Lei Yue Mun Seafood Bazzar. Whether or not it is Seafood Festival time, splendid fresh seafood hot from the wok or pot is always available from Lei Yue Mun's restaurants. Besides enjoying the authentic Chinese seafood, you can also inspect a couple of nearby sites of moderate interest. One is a very unpretentious lighthouse to warn approaching ships away from rocks. The other is a Tin Hau Temple bearing bold Chinese inscriptions. Do take the opportunity to ride Hong Kong's iconic tram that winds through the island's fascinating districts. This guide will inspire you to hop off and indulge yourself in the local culture. Do speak slowly. People in Hong Kong don't usually speak English, so speaking slower to them can lower the chance of being misunderstand.

Here comes the "Don'ts" in Hong Kong. Don't expect too much from HK Disneyland. It's the smallest Disneyland in the world. However, if you still insist to see Mickey and Minnie, you should try taking the MTR to it. The MTR train towards the Hong Kong Disneyland is fantastically decorated. You'll have a breathtaking experience on the way to the theme park. Don't expect the air quality to be good in Hong Kong, especially during the cooler months. Although Hong Kong has moderate climate, its air quality is getting worse and worse. During cooler months, the weather is so wet it leaves you feeling grumpy and sick all the time.

Whether you are a vacationer or a cultural explorer, Hong Kong can satisfy every desire. Discover the myriad of things to see and do in one of the most diverse and exciting destinations in the world. Bon Voyage!

一株曇花

程曉霞　中四丁

陽台裏，靠著牆角種了一株曇花，隨著時間的推進，曇花已蔓延到我的窗前了。每在夜裏讀書的時候，偶一抬頭，就看見它綠意盎然地散發著一股強烈的生命力，似乎不斷地向生命挑戰，立意掙扎生長。那恣意橫生的枝幹，那不斷冒出的新芽，那茂密結實的葉子，正是生長過程中一點一滴地努力累積而成的。

一夜，正沉迷於書中，發現一股淡淡的清香自窗外飄來。抬頭一望，發現早上躲在葉子裏的花苞，正慢慢地綻放她的花身，一瓣瓣，緩緩地向外伸開。最後，終於成為碩大的花朵。那雅結的顏色，那誘人的香氣，那迷人的花瓣，令人嘆為觀止。然而，第二天清早起來，卻發現昨夜的曇花已經凋謝枯萎了。

如今，窗前的曇花仍是一樹翠綠，只是少了花的陪襯。可是，曇花盛開的剎那，迄今仍深留在我的腦海裏。回想她由弱小的苗芽到成長茁壯為大樹，由含苞待放到完全地展放華姿而後凋謝，不就是人生的寫照嗎？

想想看，人的一生，由出生到逐漸地長成為人，不就如曇花最初的成長過程一般，是一滴一滴累而成的嗎？一生中的巔峰時間，不也是曇花一現剎那間的表現？而這些成果的得來，無可否認必須靠個人不斷的努力，不斷地掙扎，由種種打擊及挫折中訓練自身強壯的生命力，才能有曇花般盛大的成果。雖然曇花開放的時間是如此短暫，但就在那一刻，不正是其全力以赴展示她的光彩，發揮其最大價值的一刻？更何況，花謝了，有再開的時候，凋萎只不過是成長的一個片段，如同生命中有登峰造極的一刻，同樣有低落失意之際，何不以曇花般精神，欣然接納受創的打擊，拾取失敗的經驗，藉機充實訓練自己，再創一次奇迹呢？

比賽落敗了

蔡嘉珍　中四丁

那一年，班際羽毛球比賽選了我作代表，此時此刻，陽光好像屈身對我鞠躬微笑，空氣好像親吻著我的臉龐，樹的搖擺彷彿向我揮手，花兒的芬芳向我報喜，草的招搖也像是為我而歡呼！這，是多麼美好的事啊！

正值喜悅之際，懷著歡欣滿心的狀態「迎戰」，我和隊友拚命地把那個羽毛球當作仇人，使勁而發瘋的打向那球，唯一可以說的，就只有魅力沒法擋！簡直就是揮灑自如而得心應手。「啪！」的一聲，球從對方的手袖下飛奔穿過！「嘭！」又來一個連環剎球，極速的步走使對方不堪一擊！剛剛開局便已先拔頭籌，我和隊友心裡不禁泛起一絲絲的喜悅！

「啪！」的一聲，把羽毛球的羽毛打得快要光禿的一刻，期待在第十七球再次獲得勝利，球擊出去……「嘩！」群眾傳來歡呼不絕的聲響，似乎打得神乎其技，連觀眾也讚歎不已。不過……事與願違，球的位置停留在我的腳下……他們是怎麼打的，為甚麼快得看不到？我，很疑惑，也很迷惘。

直到雙方打至二比二平局的第五局的最後一球，我不得不承認，實力不及對方……我們輸了。

我，懷著憂傷沉寂的心情，窺視這個世界。樹啊！你是否為霧靄沉沉的天際而哭泣？還是，為我的心中哀愁而悄悄的呻吟？草啊！你的鞠躬，是否也因我而變成了跪拜？你身上的露珠正在告訴我，你也不忍看見我的失敗，為著我悲不可言的賽果而默默流淚嗎？雨兒，我希望你的出現能夠淡化我瑩瑩的眼淚，使我的晶淚有個伴兒，使我的淚液在大雨間隱藏，直到永遠而無法休止……天地之間，在轟轟的雷響下，呼呼的風聲之中，變得蘊藉無聞，也許，上天，只是送了我一個虛幻而不真實的夢境，宛如煙霧一樣，始終在最後變得煙消雲散。

鬧市行

張詠婷　中六丁

這天，她又飛到我房間的窗前，她看著從玻璃窗上折射出來的光影，欣賞著自己那雙令她自豪的翅膀。自我陶醉之際，冷不防樓上的冷氣機滴下一顆豆大的水珠，把她嚇個半死。她回過神，弄走翅膀上的水點後，立刻向窗外飛走。我帶著踉蹌的腳步隨她走出去……

清晨的陽光，從地上冒了起來，照在石板街上，可以讓人用肉眼見到飛揚的灰塵。有攝影師正在捕捉古老的情趣，企圖用斜坡上的骯髒去賺取外國旅客的好奇；有小攤檔在售廉價藝術品，以作招徠；有熟食攤檔售賣廉價特色小食，吸引路人的注意。她竭力地找出原本那一處有流水湖泊，鳥語花香的沙漠綠洲。可憐她根本不知道那個城市花園早已給發展商看中，已將它夷為平地。

我隨著她穿梭於一條又一條偏狹的街道，觸目所及的盡是高矗入雲、層層疊疊的摩天大廈。皇后大道已經是個老嫗，建築商有意製造奇蹟，希望恢復她的青春，推土機翻起了無數的沙塵，摘去了鮮花，才種出了眼前的大廈。我和她被迫吸入污濁的空氣，有窒息之感。

她不甘心空手而回，決意一直往前飛。我暗笑她的愚昧，只是踩著悠閒的步子，跟著她的蹤影到皇后大道去看兩旁的櫥窗。對那些專買高級舶來品的貴婦們來說，櫥窗是一塊強力吸鐵石。街道上擠滿熙來攘往的行人，人潮就像一團鹹蝦醬，慢慢在流動。站在自動電梯上，讓機器代替腳步。德輔道上有太多的行人與車輛，眾候車乘客不滿候車時間過長，聒噪起來。人們摩肩擦背，踅來踅去，一如罐頭內的沙甸魚。一街的人都汗濕了的襯衣黏著背，濕漉漉的腥臭讓她敏感的鼻子不好受。

天空掛上一抹晚霞，我跟她信步至士丹利街，看到兩個撿汽水罐的殉僂老婆婆。婆婆們一人拖著一個黑膠袋，怎知她們的手指同時落在一個壓扁了的汽水罐上，不消幾秒罵戰就一觸即發，兩老都為自己的生計破口大罵，身子高點的那個婆婆更嚷著說士丹利街是自己地頭，她是地主，在這裡的資歷都有十幾年。圍觀的人愈來愈多，群眾都議論紛紛，有的給婆婆一仙半錢，有的拉走婆婆。她於半空中優雅的俯瞰著，輕蔑人類失雅之舉，毅然從士丹利街街尾無聲離去。

夜幕低垂，大街上，霓虹燈依然五光十色，交通燈響著冰冷的得嗒聲，亮著酒紅色的燈光，她肆意盤旋於這個瑰麗、紙醉金迷的城市空中。她根本分不出那些玻璃鑲的、水晶雕的、一觸即碎的是花朵還是燈飾，所以時常圍著路邊的廣告燈箱飛來飛去，她貪婪的凝視著每個發亮的燈泡，嘗試探頭進「花蕊」中。委實，她所依戀的叢林都被割下來以建造繁華的都市。

我倆踱步在午夜的長街，看彩色的霓虹燈相繼熄滅。最後一輛電車剛從軌道上疾馳而過，一陣風夾雜著一點醉意經過，不小心踢醒了沉睡的啤酒罐，發出鏗鏘的怨懟。她踏著不穩的腳步好奇的追了幾步，最終抵受不住飢餓煎熬而倒下，再沉睡……

What Hong Kong needs?

Wong Tsui Kai 6A

Hong Kong is a world class city. It is financially developed, urbanized, and politically stable and its citizens are well educated. It's also a premier shipping port and its infrastructure and transport networks are the hub in South East Asia. Besides, utilities in Hong Kong more than equipped to handle the city's growth. The tourism industry is likewise booming.

However, Hong Kong is still not perfect regarding its development. The government is lacking in competent officials and civil servants and the extreme disparity between rich and the poor is growing day by day. The public medical system is plagued by accidents and protests by overworked and underpaid staff. The education system hasn't improved despite more and more resources being allocated and a major renewal undertaken. Civil unrest amongst the young grows in spite of the government's best efforts. Culture and the arts are lagging behind the competitors such as New York, London and Paris. All of this is mind-boggling when you consider Hong Kong is in the second tier of cities in the world. First tier cities, New York and London are in the same league as Paris, Munich, Beijing, Tokyo, Seoul and Singapore.

Why is that? To solely blame the government and the past Chief Executive would be unfair. They have no excuse but they are not the sole, guilty party. People in Hong Kong have grown complacent. They believe that their advantages will exist forever. They believe that their position and role is irreplaceable that the regional government of Guangzhou and Shanghai's leaders will sit back and do nothing. That is folly. The greatest resource possible comes not from years of development and stagnation. It's the drive to catch up and overtake. This desire takes precedence over any physical capability.

The government has been called a "Placeholder" because they refuse to do anything that might cause changes. They wish to maintain the status quo. Sure, they revamped the education system and built a new rail link under immense public pressure, but why? Are they truly acting in the best interest of Hong Kong or are they acting in their own interests? Regardless, the government must act to maintain Hong Kong's competitiveness. But they must not act rashly, they must think and then act. Mindless action will get us nowhere. They should review the tax system, review the education system, review the healthcare budget, review the performance of senior officials and civil servants, introduce a system of accountability and listen to the calls of public opinion.

We most, above all, we must work hard. We must not remain complacent. Only then will we regain our competitive edge.

Precious Gift-My family

Lam Lok Wun Chloe 1F

People often said that a child is the most precious gift to his or her family. But to me, my family is the most precious gift of all.

Since I was born, my parents have always been there to take care of me. My father is always very busy in his work, but he will not neglect me. He will come home immediately after work every day so that we can have dinner together. As for my mother, she not only takes care of me and my sister, but also prepares meals for us. I feel very relaxed and comfortable being with my family.

If this care was suddenly taken away, I would feel very lonely and sorrowful. My world would be empty. I just can't imagine what life will be like without my family.

In appreciation of my parents' love for me, I will work hard and achieve good results in school so that they do not have to worry about me. Most of all, I would like to say to them 'Mum and Dad, I love you!'

那一次，我哭了！

鄭惠芝　中三戊

說到女生，第一時間想到的便是眼淚吧！在小說中，電視中，甚至在日常生活中，眼淚都是女孩們不會缺少的，看到女孩們受委屈淚水汪汪的樣子，都會令人又愛又憐。我雖然也是一位女生，但從小到大，我都不喜歡在別人面前掉眼淚，覺得這是一件十分丟臉的事情，所以，不管我是有多委屈，多難過，我都不會輕易敗給淚水。可是，總有一種感覺使我淚流滿面，那是傷心？錯！是離別？錯!那種感覺是感動。那一次，我哭了……

日復一日，年復一年，媽媽由我出世開始，照顧著我的衣食住行。小時候，她教我走路；上學後，她教我寫字；現在，她教我人生的道理。漸漸地，我把她對我的照顧看作是理所當然，也沒有想過她的辛勞。直到那一天，我在媽媽的房間門口，聽到房間裡似是有人在哭泣，我打開門一看，媽媽通紅了眼睛。我心疼地走到媽媽跟前，我看見她頭上的一絲絲白髮，和臉上的一點點皺紋，都是因為每天都照顧我們而導致的。我何曾想到她對這個家付出了多少？我何曾想到為她分擔一下家務，為她捶捶背？我何曾想到跟她說聲：「媽，你辛苦了！」「我愛你！」？可惜，媽媽從來未抱怨過甚麼，只是默默地為我們付出。想到這裡，我不禁哭了出來，一來是為我多年來沒有盡孝心而哭，二來是為我無私奉獻的媽媽而感動流淚。

在這刻，我不再被面子掩蓋；在這刻，我不再用微笑掩飾。為偉大的母親而哭泣，不用擔心丟不丟臉，這一點也不丟臉！

珍惜

李灝泓　中六丁

我想，世界上最奇妙的事情，莫過於我們的人生。人生在世，往往有不少相對的事物，譬如有生必有死、有贏必有輸。同一時間，我們亦不難發現，當你越對這個世界多一分了解，就越會發覺生活是多麼的荒謬和矛盾。

曾聽說：「人的一生是要不停的學習失去。」我一直都深信這句說話。你永遠都猜不透它何時出現在你的眼前，也永不知道它會帶給你多少痛苦。幸好的是，你會在失去的同時學懂珍惜身邊的一切。這不是一個天大的矛盾嗎？原本我們因為害怕失去才會珍惜，但到頭來，卻是先要失去才懂得珍惜。我以為，這天大的玩笑不會出現在我身上。

自從學校生涯完結之後，一直沒有感受到真正的溫暖。因為，現實社會中充滿著爾虞我詐，欺騙似乎成為了繼續生存的唯一伎倆。漸漸，人都開始麻木了，所做的無一不是為了商場上的勝利，每日每夜就在思量下一次的花樣，務求在辦公室中力爭上游。如是者，度過了半年的非人生活。

我以為這樣的生活沒啥問題，都不過是生存技巧而已，何足掛齒？直至，我遇到了他。

他不是我的愛人，卻是一個我愛的人。當然，絕非愛情，而是一種尊敬。那日，不過是平凡的上班天，但世事往往就在最平凡之際為你添上一份驚喜。站在地鐵車廂的他，除了頭髮斑白而帶點稀疏外，臉上依然一副慈祥。我先迎上去，客套的說了幾句，留了個聯絡電話，就走了。

起初我心想：又是一件沒啥特別的事，只不過是遇到熟人。但後來他竟然主動給我通電，邀請我出席聚會。我唯唯諾諾的答允。

這是一個晴朗的下午，我來到一間酒樓。大圓桌早已坐滿了人。當我坐下後，一次又一次的端望座席上的臉孔，原來大家都變了。有的比以前滄桑、有的更加美豔動人、有的變得成熟穩重。但最奇怪的是，我眼前的那個他，只相隔兩星期，竟變得更加清瘦，頭髮也明顯的少了。那時候，我只和朋友們談笑風生，再沒有留意他的變化。而他，也跟平常人無異的在說說笑，喝喝茶。

生活繼續、事業繼續、忙碌繼續，我又開始我的非人生活。加上公司最近參與了一個不容有失的投資項目，我就更沒時間理會一切的玩樂、享受、甚至聚會。但在我萬般繁忙之際，電話鈴聲就無情地響起。

聽筒的另一邊告訴我，有個人離世了。

原來「回憶是走馬燈」這個理論不一定在自己死前才會出現。若然你真的重視一段關係的話，這個狀況，會無聲無色的出現。而且，在你最傷心之時，更易發生。

雖然校園裡面的生活早已忘掉，但最深刻的片段，是他曾經教懂我如何從失去中學懂珍惜。「若然真的要面對失去，笑一笑，又過了。之後試試多想身邊仍存在的事物，用心海去將失去的惦記著。」無奈的是，你永不可能躲過人生的矛盾。當你以為學會惦記某些珍貴的片段時，這些格言卻慢慢飄走。

結果，在他的喪禮舉行當日，我沒有到場，一個人卻呆站在尖東海旁看著小輪的來回。我想，我真的要讓自己放一個長假，好好休息一番。最重要的，是在面對失去的時間，笑一笑。當一切都過去，便嘗試多想想四周吧！

船笛又鳴，我慢步海邊，心裡默唸著一句：「老師，我做到了。」

TEACHERS STUDENTS DAY

The Teachers Students Day (TS Day) was held again on 22nd December 2009.

The first TS Day was organized to celebrate the Silver Jubilee of our school. Since then, the TS Day has become an annual event.

This year, the TS Day included in a lot of creative and funny events, such as the giant flipper and the dodge ball. Traditional events such as volleyball, and stall games were also held. All the events were very much welcomed by teachers and students. The fashion show in the school hall attracted the attention of a large group of students and teachers.

Our Christmas celebration for the whole secondary section was in the form of a variety show that featured such things as singing by teachers, students and old students, a dance performance, games. Singing together brought the atmosphere of the day to its climax.

As in past years, the TS Day had unofficially become an unofficial home coming day for old students. More than 200 old students visited their alma mater on that day.

S5 GRADUATION DINNER

The S5 Graduation dinner, is always a memorable big event during which S5 graduates express their gratitude to their teachers. This year, it was held on the 18th June and there were over 250 participants at the event. It began with speeches given by our honorable guests. The singing of the School song followed, creating a cheerful and harmonious atmosphere. During the course of the meal, each class performed in various ways to give thanks to teachers. Dancing, singings and a piano solo have certainly brought the whole event to an entertaining and enjoyable climax. Finally, gifts for class teachers were presented by student representatives to express their whole hearted thanks for their teachers' care and devotion throughout the years. It was an unforgettable night for all participants.

S7 GRADUATION DINNER

The S7 Graduation dinner 2010 was held successfully on 11th June 2010. We gathered at the Harbour Plaza Metropolis, overlooking the panoramic view of Victoria Harbour. There were more than 130 participants. The theme colours for the dinner were purple and gold, which symbolized "elegance & wisdom".

Videos were shown at the beginning and toward the end of the banquet, reminding students of their laughter and tears at Rosaryhill School. The class teachers were invited to play games on stage. After that, students in each class presented their gifts of appreciation to teachers to express gratitude for their teaching and care. The climax of the dinner was the election of the "Dressing Queen" and the "Dressing King". A lucky draw sponsored by RHS PTA and OSA was held afterward. At the end of the dinner, all teachers and guests were invited to have a group photo with each class. It was an evening of glamour and delight.

TEACHERS PROFESSIONAL DEVELOPMENT DAY

On the 7th of May this year, the Teachers Professional Development Day, Human Resource Team of the Secondary Section organized a workshop held in Jockey Club Tai Tong Holiday Camp. The theme for that day was "Team Spirit". The workshop was hosted by the Po Leung Kuk Leadership Training Camp. There were numerous activities and events which everyone of us has to participated in one way or any other. The most memorable event was the "Trust Fall". Most of us, not even the Principal but also the deputy principal and all team heads had played and enjoyed it very much. Overall on that day, we laughed together, we cried together, we have achieved our target and so it can be considered as a successful event.

STUDENTS COUNCIL

THE MOVE OF BUSINESS STUDIES SECTION

If you visit the Business Studies Section this year, you will probably have to return to the general office and ask which floor we are on. Surprise! The whole section has been moved to the 4th floor since September this year. Teachers and students, saying goodbye to the 6th floor where was our section's venue for over three decades, now have a grandly new decorated school environment. What's more? The new floor now has 10 classrooms and many functional rooms such as the conference room, the library, the student council room, the MMLC as well as the parental consultation room, in a hope to provide a better learning environment for our students.

SPORTS DAY

On Monday, 2 November 2009, all roads (for Business Studies Section) led to Wan Chai Sports Ground situated on the waterfront of Hong Kong's scenic harbor. Students and teacher began to converge on the stadium a little after 7:00 am to hold their annual Sports Day.

The weather that day turned out to be most favorable fro athletic activities. — dry, breezy, and blessed with lots of sunshine and blue skies. It was no wonder that all the sporting events went off like clockwork amid blaring announcement from the PA and high morale. There were certainly no lack of loud cheering and encouraging from students in the grandstand for their own teams which may be one of the rare occasions on which their esprit de corps could be expressed so freely. The highlight of the day, of course, was the teachers versus students 400 metre relay race and the prize went to the latter.

After a long and hard day of striving for the coveted "olive branches", the exhausted athletes collected their well earned cups and medals of various events, accompanied by the clicking of cameras and clapping of hands. By 5:00 pm the stadium was once again quiet and deserted.

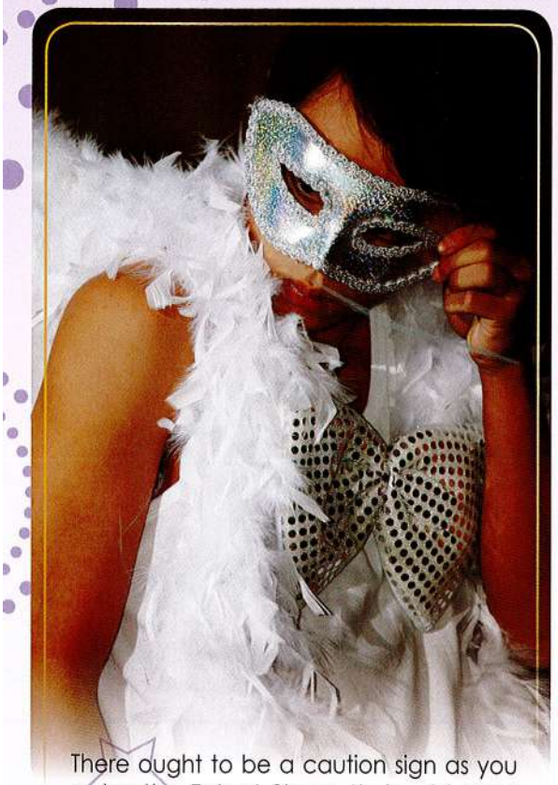
EDUCATION EXCURSION

Sai Kung Outdoor Recreation Centre was our destination for this year's education trip. As part of a good bonding exercise between all the students in the business studies section, each year we arrange an orientation camp for 1-2 days... All students are encouraged to attend because we would not want them to miss out on all the fun. These activities were not only arranged by the teachers but also with the great help of the school social worker, Miss Kathy Lui and also a great team of external social workers.

This year we held this activity at a camp site in Sai Kung as this was a huge place with many activities for people to enjoy such as tennis, table tennis, badminton, a swimming pool and many more. We also had additional activities where house teams would race against the clock to complete selected physical tasks in or to win the game.

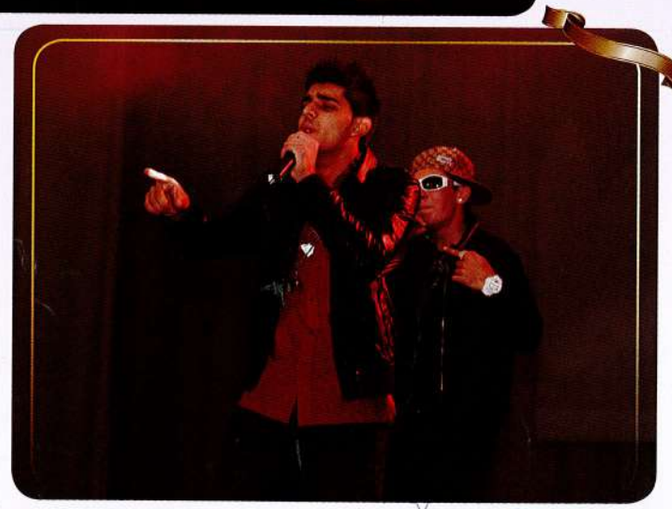
The main aim of this trip was to give students relaxation, enjoyment, and a further chance for existing and new students to get to know one another.

TALENT TIME



There ought to be a caution sign as you enter the Talent Show. It should read "Warning! Hold on to your seat 'cause the students are about to blow you away with their talents!"

Talent Time was always the highlight of the section's year around activities. The entire show was packed with singing and dancing performances and catwalks. Students were put on designed costumes taking part in the fashion show. Some of them were the pop stars and the very hot dancers. All of them delivered explosive talents in a show filled with brilliant special effects, dazzling dancing and heartfelt moments.



WALKATHON WILSON TRAIL

Due to many years' experience of walkathon to Lamma Island, this year we decided to go to a different place - Wilson Trail Section 2 on Hong Kong Island. We all arranged to meet at school early in the morning to catch the school arranged coach to the mid hill at Tai Tam Country Park.

We started off there and walked along the famous walk trail - Wilson Trail. It was a cool and breezy day that intended to intimidate our passion to walk. Later, when the sun came out, we were all cheered to walk a lot faster. We had so much fun and the opportunity to do some really needed exercise. Although some of our teachers had the pleasure of walking this route before, it was still a good chance for many of the students to walk together and also make acquaintances if they had not already done so not already. We also passed by the Tai Tam Reservoir and many took many nice shots there.

The walk could not have been better, the sky was blue and the sun was shining in the afternoon. The fine weather warmed our heart and quickened our footsteps. At around twelve, we all finished our walk and gathered at a park nearby. Students and teachers chat and took more photos together and this was the highlight the event. For most of the students, it was such a great way to burn off the calories that had been consumed. Towards the end, our students could reach the Quarry Bay MTR easily that ended the day on a happy note.

BUSINESS PROJECT "START HERE!"

The project was sponsored by the Citi Success Fund found by the Citi Bank and HOPE worldwide. It aimed at enhancing students' financial planning skills and developing appropriate working attitudes through class training and the experiences of running the e-business. These experiences are valuable to their self-development.

The three year 1 classes have joined the project and every student has contributed $150 for the set up cost whereas the Citi Success Fund subsidized $1000 for each class. The three classes have design accessories, T-shirts and blinking jars for sale. Finally, their set-up cost was reimbursed as it could be covered by the income. The surplus was then donated to the UNICEF for charity purpose.

In the closing ceremony of the project, the school has presented 3 prizes. They were Highest Profit Award, Best Team Award and Best Product Design Award. The first 2 prizes went to 6A and the last one went to 6B. In conclusion, students gave positive feedbacks about the project and they have a first taste of running a business with the school guidance.

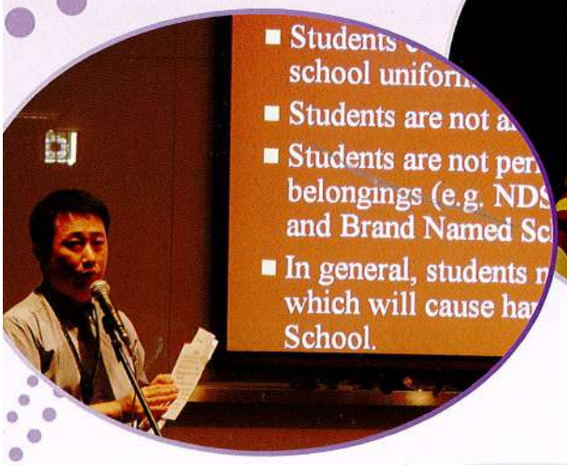
END OF SCHOOL YEAR - THANKSGIVING MASS

"Never give in to pessimism. Don't know that you can't fly, and you will soar like an eagle. Don't end up regretting what you did not do because you were too lazy or too frightened to soar. Be a bumblebee! And soar to the heavens. You can do it." - Earl Bakken

This quote could best summarize the words of all the teachers to our graduates.

The yearly "Thanksgiving Mass" is a joyous gathering time for celebrating the graduation of our From 5, Form 7 and C2 classes. Thanksgiving Mass commemorated the time our students had spent in our school. On the day, fathers, teachers and classmates expressed gratitude to God for his blessings and gave thanks to dear ones for their love and support. Graduation class teacher's sharing during the mass was an integral and most delightful part of all. Students were inspired and empowered by fathers' and teachers' words to face their public examination and future challenges.

PARENTS' DAY



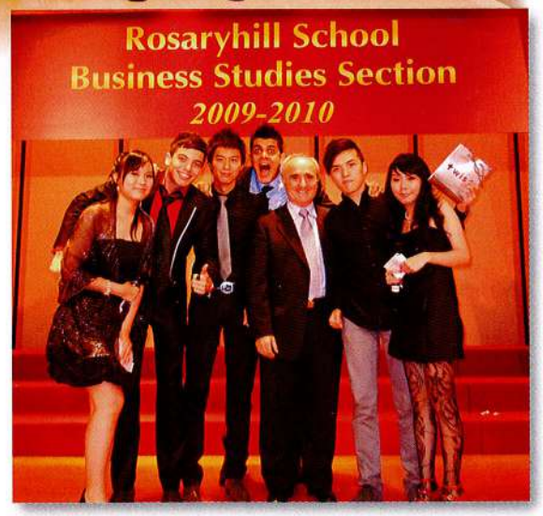
It was a time when parent and teachers meet and have a time sharing their notes on how to nurture their children. Business Studies Section every year has two parents' day, one in the beginning of the first semester when parents of the newly come students have their first meeting with their class teachers; and the second one in the 2nd semester when the students and parents come and collect their school reports cards. Students and their parents would have a face-to-face chat with the teachers discussing the students' problems and looking for advices. These meetings provide great opportunities for teachers, students and parents communications.

GRADUATION DAY

It was a big day for our students. Or, it can be precisely be told as a 'milestone' for our students who are ready to graduate and prepare themselves for more challenges in the universities and society they might go to. They were given a special gift 'graduation tie' by our Father Supervisor as a blessing to them. Students who had good performance throughout the academic year were also rewarded in the ceremony and their efforts are highly recognized and applauded by all.

Once again, we urge all students to: " Believe that the sort of life you wish to live is, at this very moment, just waiting for you to summon it up. And when you wish for it, you begin moving toward it, and it, in turn, begins moving toward you."

GRADUATION DINNER



Graduation dinner is a time when the students and female teachers have an excuse to dress up. It also provides an opportunity for both teachers and students to express some words from their heart and share feelings of the time they had spent with each other.

As part of the celebration we had awards presented to certain students and also prizes which were won from some of the great recreational games incorporated into the evening's schedule. At this time of joy as well as sadness, we had a chance to share a last exquisite dinner together as well as taking many photographs to keep the memories in years to come.

OLD STUDENTS ASSOCIATION

Since the beginning of 2009, the Executive Committee of Rosaryhill School Old Students Association ("RHSOSA") unanimously decided to set a new direction for its future activities. Apart from the usual reunion and social gatherings, RHSOSA's future activities will mainly be focused on volunteer charity activities.

In the past 12 months, RHSOSA has participated in a number of charity events. In July 2009, RHSOSA and the RHS' Secondary Section joined hands together to participate in the Oxfam Rice Sale in two weekends in July. It was because of the hard work of RHSOSA's members and the school's secondary students over those weekends, we were finally awarded the 2nd Runner-up in Fundraising Team category.

In August 2009, RHSOSA organized an outdoor visit to the Hong Kong University of Science and Technology for the children from the Mother's Choice; both our participating members and the children spent a wonderful afternoon together visiting various places at the university.

In October 2009, RHSOSA visited another charitable organization, Ronald McDonald House. The place was established to accommodate sick children whose families had limited financial resources. The purpose of the visit was to prepare a meal for the children and their families in order to share love with them who were going through a difficult period.

In December last year, RHSOSA organized a visit to the Haven of Hope in Tseung Kwan O to celebrate Christmas in advance with the elderly residents there.

Apart from the above activities, RHSOSA and RHS' Careers and Guidance Team jointly launched a new program called "Mentorship Program" for the S6 students. The purpose of the program is to let our past students to act as mentors for the participating students in order to help them to find their goals or directions so that hopefully they would be better prepared for their future before the completion of their secondary education.

On 6th February 2010 RHSOSA organized its Annual General Meeting. In order to attract more people to attend the meeting, two different kinds of activities were organized: City Orienteering Competition and Cooking Party. Both activities well received by a large number of participants; many of them were either mentors or mentees of the Mentorship Program.

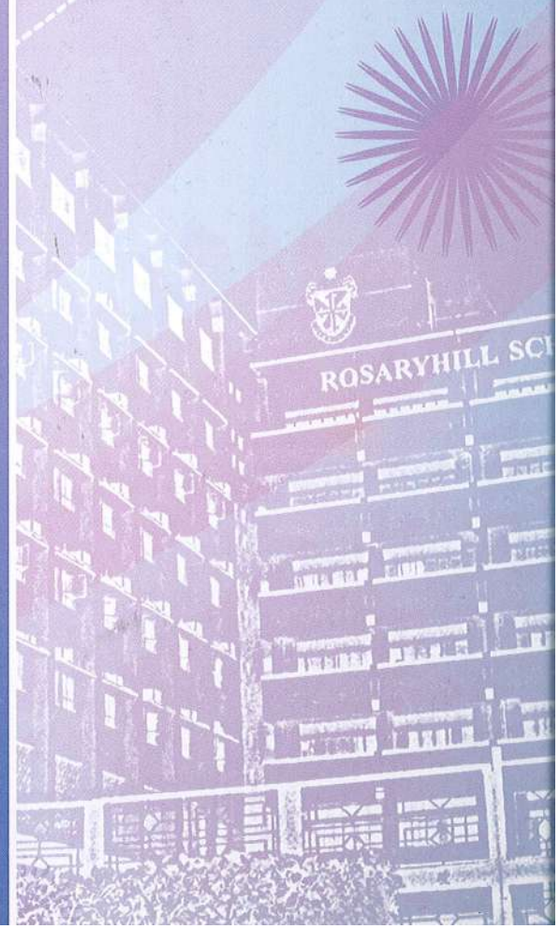
THE LORD'S PRAYER


Our Father in heaven,
holy be your Name,
your kingdom come,
your will be done
on earth as in heaven.
Give us today our daily bread.
Forgive us our sins
as we forgive those
who sin against us.
Do not bring us to the test
but deliver us from evil.
Amen.
